

## A European Award for a Doctoral Thesis on **ADoc-MolMag** Molecular Magnetism

- Entries are now being accepted for the second "European Award on Molecular Magnetism Doctoral Thesis". The award will be given to young talented people entering the field of Molecular Magnetism and closely related disciplines. Interdisciplinary subjects, use of new techniques, finding possible new applications, discovery of new phenomena and methodologies, important steps in the advancement in the knowledge of the behaviour of Molecular Magnets will be particularly kept into consideration by the jury. The jury will be composed by three international renowned scientists operating in the
- Three awards, will be given, accompanied by a prize of 1,500 euros plus the registration fee of the MOLMAT 2010, where the winners will be awarded their. The winners will also have the chance to present their work in a specially dedicated oral presentation at the European Master of Molecular Nanoscience, ESMoInA 2010, co-organised by the European Institute of Molecular Magnetism, EIMM, to be held in Miraflores de la Sierra, Madrid, Spain. October 24<sup>th</sup> to 29<sup>th</sup>, 2010.
- Information can be obtained at :

For the 2010 Award, the deadline for receiving candidatures is 15<sup>th</sup> April 2010. The ADoc-MolMag winners will be chosen by an International Jury the following month. The ADoc-MolMag will be presented and awarded during the IV<sup>th</sup> International Conference on Molecular Materials, MOLMAT 2010, which will be held from July 5<sup>th</sup> to 8<sup>th</sup>, 2010, at "Le Corum, Palais des Congres", in Montpellier, France.

**RULES**

- 1) Three pages summary of the thesis underlining the major achievements reached during their thesis work.
- 2) A maximum of 3 recommendation/comment letters from their supervisors and other scientists involved in their thesis work.
- 3) The list of publications obtained by their thesis work.
- 4) A CD with the electronic version of their thesis and their related publications in pdf format and the material of point 5).
- 5) Up to 3 figures connected to their thesis work to be used for brochure and publicity of their work in jpg or tif, or bmp or png formats. They should be eye catching like for example the figures used for the table of contents or the front covers of the major scientific journals.
- 6) The permission to use their summary and figures in EIMMs spreading of knowledge activities.
- 7) Their CV, maximum 2 pages, with electronic and mail address valid up to August 2010
- 8) Thesis had to be presented and discussed in the period January 1 , 2008 - April 15 , 2010

**A delivery notice will be sent to the candidates.**
